

Orga Systems selected for TIM MVNO billing

Pressemitteilung von: **Orga Systems GmbH**

Datum: **15.05.2008 – 15:01 Uhr**

Rubrik: **Medien**

(fair-NEWS) – Orga Systems has supplied Telecom Italia with its fully convergent real-time billing platform OPSC Gold to power MVNOs and enable multi service provider support. With regards to this growing market opportunity, two elements are essential: rapid service offerings and top performance. Therefore, TIM Italy builds on Orga Systems' internationally recognized real-time billing expertise. All processes are managed within this one system – whether wholesale or retail billing; billing of prepaid, postpaid or convergent subscribers.

With this new undertaking, TIM underlines its trust in Orga Systems expertise once more. Since 1996 more than 30 million TIM prepaid subscribers are rated and charged with Orga Systems' billing system. Based on the long-term partnership and the outstanding performance of Orga Systems real-time billing solutions, TIM will ensure future growth with its active multiple MVNO strategy.
