- HASP emphasis on mortgage payments rather than the value of the property, so that the home owners can reside in their homes even if the value of the property decreases. According to the economist, it helps to avoid foreclosure state.
- Government Loan Modification plan reduces the monthly payments unto 38% of the borrowers gross income.
- The loan tenure can be increased up to 40 years.
- Borrowers can avail \$1,000 on principal balance for five years, only if the payments are made on time.
- The plan is basically designed to help people who are into financial hardship.
- For Loan Modification one need to sigh an affidavit that states the borrowers financial hardship.
- The lenders before assigning the loan run the (NPV) Net Present Value test to determine the cash flow.
- Loan modification is offered in different forms. However, but they all aim to reduce the interest rate and to lengthen the amortization term.
- Borrowers lagging behind for monthly payments, and finds no good future of payments, than it is advisable to opt for Loan Modification Program.

- The loan is offered with priority to the people who loose their job and are facing financial difficulties.
- There are several legal professionals who offer help to avail loan easily. One can take help of the professionals to begin filling up the form.
- One can get the Mortgage Modification done by the sane lender with whom the borrower has the existing loan or even can get it through other lenders as well.
